

*A unique and “green” way to honor a loved one  
-Commemorate tree for all to enjoy.*

Sweet Arrow Lake County Park and its Clubhouse have provided fond memories for many people over the years. Over one million dollars worth of improvements have recently been completed, including construction of a new entrance road, a new pavilion, a new children’s playground, and expanded parking. To further continue improvements to our County Park, the public is being welcomed to participate in a new effort to enhance the site. A Commemorative Tree Program is being established, and you can be a part by leaving a “green legacy” for future generations while paying tribute to a special person in your life.

*An opportunity to honor someone.*

Our effort to reforest the Park offers you a unique opportunity to pay tribute to someone who you feel is deserving of recognition. By having a tree commemorated, you can honor a friend or loved one whose memory remains in your heart. The gift will become a part of the County’s first park, and will provide natural beauty and pleasure to visitors for many years to come.

*Commemorating a tree is easy.*

Simply complete the application and include a donation of a minimum of \$200, payable to the Sweet Arrow Lake Conservation Association. If you wish to make a smaller donation, it will be pooled with other smaller donations, and trees will be purchased as sufficient funds become available.

*Recognition.*

The donor will be notified when the tree is commemorated, the species of the tree, and the approximate location unless other plans are approved. A planting plan was developed and is nearly complete. Donations of \$200.00 or more will be acknowledged by an inscription on a ‘tree’ plaque which hangs outside the Clubhouse at Sweet Arrow Lake County Park. Notification to appropriate individuals as described on the application will be given. Every attempt will be made to maintain the commemorative tree for a long life. However, no guarantee is made or implied that the tree will be replaced if it dies from natural causes, disease or damage after its first year.

The Sweet Arrow Lake Conservation Association, is a 501(c)3 Corporation. The Schuylkill Conservation District, The Sweet Arrow Lake Park Board, The Friends of Schuylkill Parks and Recreation, The Northern Swatara Creek Watershed Association, and the Schuylkill County Commissioners are cooperating to bring you this Commemorative Tree Program. Your donation may be tax deductible. Check with your tax professional.
